Computer scientists study the Turing machine because it is simple to formulate, can be analyzed and used to prove results, and because it represents what many consider the most powerful possible reasonable model of computation (see Church–Turing thesis).

The Keystone Exam results showed: 73 percent of students statewide scored at grade-level in English, 64 percent in Algebra I and 59 percent in biology. Dallas High School achieved 87 out of 100. Reflects on grade level reading, mathematics and science achievement.

Corporate courses are also a part of the institute's programs. These include CISI, ACCA, CPA, CIMA, FRM. Additionally, the institute provides soft skill courses, including those for banks, as a part of their training in order to teach interpersonal, negotiation and leadership skills, among others, to the students.

Tony Jasick replaced Fife as the head coach. Jon Coffman is the current head coach of the program, announced on April 10, 2014. IPFW's men's volleyball team, colloquially known as the Volleydons, have gained national exposure repeatedly, based on their showings in several NCAA Final Four tournaments.

In October 2008, Wu Fei released a CD entitled YUAN-. produced by John Zorn for Tzadik Records of her chamber compositions to be released in fall 2008. One major piece She Huo-.. featured on this new record was premiered at the Forbidden City Concert Hall (Beijing) with Percussions Claviers de Lyon in Spring 2007.
